Travel 

Montenegro 9 days/8 nights

Basic assumptions for the trip:

- Flights to and from **Tivat**.
- Driving a private car.

General Recommendations:

1. The best time for this trip is from May to October.
2. It's a good idea to check the sunset time so you don't drive on mountain roads in the dark.
3. The currency used in Montenegro is the euro, although the country is not yet part of the European Union.
4. It is not recommended to use the Waze app; rather, use Google Maps.
5. The roads in Montenegro are slow, especially in the mountains. A short trip can take a long time. Google Maps displays travel times quite accurately and takes traffic into account.
6. All opening hours listed on the trail are current as of September 2025 and are subject to change over time.
7. All shops, supermarkets, and convenience stores are closed on Sundays. Souvenir shops and restaurants remain open.
8. The supermarket chain with the best selection is called Voli.
9. In some areas of Durmitor National Park, there is no cell phone reception, especially in the southern parts. Therefore, it is recommended to download Google Maps for offline use.
10. Restaurant prices in Durmitor are quite affordable. Expect to pay much higher prices near the sea.
11. It is recommended to be at Tivat Airport 3 hours before your return flight.

12. There are frequent traffic jams on the way to Tivat Airport, please make sure to leave your accommodation early.
13. The distances shown on the maps are approximate and depend on the location of the accommodation you booked.
14. Some national dishes and alcoholic beverages in Montenegro:
 - a) Kačamak - cornmeal porridge with the addition of potatoes, feta cheese, or other toppings.
 - b) Ćevapi/ćevapčići - kebabs, sausages.
 - c) Riblja Čorba - fish Soup.

Day 1 - Arrival by flight to Tivat. Driving to Žabljak:

1. Arrival in Tivat.
2. Pick up the vehicle immediately after landing and collecting your luggage.
3. Go to Žabljak. You can make several stops: (a) Taking photos overlooking the Bay of Kotor. (b) Drinking coffee at the Panorama restaurant overlooking Lake Skansko (both stops are marked on the route).

Allow for a 3–4-hour journey with short stops. Arrive at your accommodation in Žabljak for the next three nights in the evening.

Day1 - drive to Zabljak

Day 2 – Trip to Durmitor National Park:

This breathtaking national park was created by glaciers and is crossed by underground rivers and streams. It's hard not to enjoy a UNESCO World Heritage site thanks to its stunning landscape composed of rugged peaks, pine forests, and lakes. The Durmitor Visitor Center is open daily from 8:00 AM to 4:00 PM.

You can walk around the Black Lake (actually, there are two lakes). Type "Crno Jezero, Montenegro" into Google Maps. The drive from Žabljak to the parking takes about 15 minutes. Upon arrival, you will need to pay for parking and then for entry to Durmitor Park itself: 5 euros per person. Keep your entry tickets; they are valid for the entire day and the day after. You cannot drive directly to the Black Lake; you will need to walk a few hundred meters to reach it, depending on where you managed to park. The trail to the Black Lake is well-marked; the entire walk around the lakes will take 2-2.5 hours at a leisurely pace, with stops. There's a restaurant near the beginning/end of the lake walk, and it's open daily from 8:00 AM to 11:00 PM.

Take another beautiful hike with stunning views of Tara Canyon: the start of the Čurevac trail. To get to the starting point, search for "Čurevac Parking" on Google Maps. The trail starts with a steep but short climb; the path is uneven and good hiking shoes are recommended. You can go as far as the bench above the canyon to enjoy the views and then return, or continue further. The entire loop up and down will take you at least an hour and a half with stops, and it's about 3.7 km long: [Start of Čurevac trail](#)
